Millrace Canal Trail

A good route for Casual bikers and walkers

General location Central Goshen

Route access points
- a) Powerhouse Park
- b) Shanklin Park or Millrace Park
- c) Goshen Dam Pond

Trail length 2 miles • one-way

Goshen’s hydraulic canal was completed in 1868 and was the catalyst for many new industrial businesses in the city. These days, the Millrace Canal is a popular trail for both recreation and commuting walkers, runners, and bikers. The trail connects downtown Goshen to some of the most densely populated neighborhoods. Several intersecting trails provide additional links to Goshen Middle School and many elementary schools, as well as to Goshen College and Goshen Hospital. Three highlights along the trail are the old powerhouse at the north end, Tommy’s Kids Castle at Shanklin Park, and the canal headgates at the Goshen Dam. Lots of water wildlife lives along the canal, including turtles, muskrats, ducks, geese, swans, and herons.
Everyone has a different reason for getting on the trail or taking off on a county road. Knowing what you most enjoy about biking and walking will help you choose the right route.

Each route in the 2017 Biking and Walking in Elkhart County Guide recommends the type of biker or walker that may want to try it out. For example, if you know that you want to take it easy and stop to watch ducks along the river, look for the “Casual” recommendations.

- **CONFIDENT, BUT CAUTIOUS**
  - Your route is mostly on trail and sidewalk.
  - Some sections require merging with car traffic, but only on local, low-traffic roads.
  - You will often be in busier parts of town, close to some good food and entertainment.

- **CASUAL**
  - Your route is mostly on county roads, but you will also see sections of our off-road trails.
  - Some routes have long, straight stretches great for getting in training mileage.
  - Some will require more navigation.
  - You will be in the quieter, slow-paced corners of our communities.

- **STRONG & FEARLESS**
  - Your route is entirely on off-road trails.
  - Expect very few road crossings, if any, and lots of opportunities to view wildlife.
  - You will be in the quieter, slow-paced corners of our communities.

---

**Gear Up**

You can walk and bike in any weather if you have the right gear!

Walking in the rain can be a very relaxing activity, but only if you are dressed right. Wear a venting jacket with hood, waterproof boots, and two pairs of socks. Carry a water-proof bag for items that should not get wet.

Bicyclists should invest in a good riding poncho that attaches over the handlebars to keep your legs dry. Fenders with mud flaps and water-proof shoe covers are well worth the money, too.

The key to walking and biking in cold weather is wearing several layers so you can remove some as your body warms up. Overheating is a real concern, so remember to wear breathable materials. Wide bike tires with tread are a necessity to bike in snow.
