Approximately two miles of paved trail connects Waterford Elementary School, Bethany Christian Schools, Goshen College, and Greencroft Goshen. The Winona Trail is entirely separated from the noise of car traffic, but you will likely see a freight train as you follow this active railroad.

Many local residents use this trail for quiet evening walks, training for endurance runs, and slow, easy bike rides. It is also a highly-traveled corridor for commuters between home, work and school.
Everyone has a different reason for getting on the trail or taking off on a county road. Knowing what you most enjoy about biking and walking will help you choose the right route.

Each route in the 2017 Biking and Walking in Elkhart County Guide recommends the type of biker or walker that may want to try it out. For example, if you know that you want to take it easy and stop to watch ducks along the river, look for the “Casual” recommendations.

**Gear Up**

You can walk and bike in any weather if you have the right gear!

Walking in the rain can be a very relaxing activity, but only if you are dressed right. Wear a venting jacket with hood, waterproof boots, and two pairs of socks. Carry a water-proof bag for items that should not get wet.

Bicyclists should invest in a good riding poncho that attaches over the handlebars to keep your legs dry. Fenders with mud flaps and water-proof shoe covers are well worth the money, too.

The key to walking and biking in cold weather is wearing several layers so you can remove some as your body warms up. Overheating is a real concern, so remember to wear breathable materials. Wide bike tires with tread are a necessity to bike in snow.
